

We know that sometimes keeping your child home can be inconvenient for you, but sending them to school when they are sick spreads their germs throughout the building infecting the rest of the students and teachers. Our job is to provide a safe and healthy environment for everyone, so let's work together to make this a healthy school year for all!

When to keep your child home....

- (1) Temp of 100.0 F or above**
- (2) Diarrhea (watery or loose stools) more than 3 times in 24 hour period or unable to make it to the restroom when having diarrhea**
- (3) Vomiting**
- (4) An illness requiring an antibiotic, but your child has been on it less than 24 hours.**
- (5) Just too sick in general to function at school**

When to return to school...

When your child has gone 24 hours or more without the above symptoms or temp of 100.0 F.

(or)

When they have been on an antibiotic for 24 hours or more.
